

CUSTOMER ONBOARDING & CREATION GUIDE

कस्टमर ऑनबोर्डिंग और यूजर गाइड (User & Operations Manual)

Note for Users: Yeh guide customer onboarding flow ko step-by-step samjhata hai. Customer account create hone ke 2 alag tarike (Owner Panel & Self Frontend Signup) hain.

1. Owner Panel Creation Flow (Owner/Super Admin द्वारा Creation)

Overview: Is process me customer ki details owner/super admin द्वारा system me fill ki jaati hain aur backend द्वारा plan assign hota hai.

- Customer Details Entry:** Super Admin owner panel par jaakar customer ki basic details (Name, Email, Mobile, Address, Company Details) enter karta hai. **Super Admin Action**
- Payment & Plan Selection:** Customer द्वारा offline/manual payment confirmation ke baad, Super Admin customer ke liye suitable **Plan Subscription** set karta hai.
- Account & Role Creation:** Data submit hote hi system automatically:
 - customers table me record store karta hai.
 - users table me customer login credential create karta hai.
 - Customer ko required **Role & Permissions** assign karta hai.
- Welcome Email with Password:** Customer creation complete hote hi customer ke registered email par login credentials aur password ke saath welcome mail send ho jata hai.

2. Self Frontend Signup Flow (Customer Khud Signup Karega)

Overview: Is process me customer portal website (Frontend UI) par jaakar khud apna account aur subscription activate karta hai.

- Details & Subscription Selection:** Customer main UI panel par apni details fill karta hai aur apna desired Plan Select karta hai. **Customer Action**
- Hospital / Firm Setup (Optional):** Setup Form ke waqt customer optional me apna initial **Hospital / Firm** details enter kar sakta hai.
- Payment Gateway Redirection:** Details submit hote hi system customer ko Checkout / Subscription Page par redirect kar deta hai.
- Online Payment & Activation:** Customer Payment Gateway (Razorpay, Stripe, etc.) ke through subscription fee pay karta hai. Payment success hote hi subscription active ho jata hai.

5. **Dashboard Access & Limits Management:** Payment successful hone par customer customer_admin login dwara Dashboard access kar sakta hai.
- Customer apne dashboard se Hospital, Firm, aur Employees create kar sakta hai.
 - **Max Limit Rule:** Customer utne hi Hospitals/Firms/Employees create kar paayega jitna uske selected Plan ki max_hospitals, max_firms, aur max_users limit me permitted hai.

3. Key Workflow Summary (मुख्य विशेषताएं)

Feature / Step	Owner Panel Creation (Method A)	Self Signup Frontend (Method B)
Initiator (शुरुआतकर्ता)	Owner / Super Admin	End Customer (Self Service)
Payment Method	Manual / Bank Transfer / Cash	Online Gateway (Razorpay/Stripe)
Password Setup	Auto-generated & sent via Email	Set by Customer during registration
Role Assignment	Assigned by Admin / System auto	Auto-assigned customer_admin
Resource Creation	Admin configures limits based on plan	Customer creates Hospitals/Users up to Plan Max Limit
